

## PROVEN EFFECTIVE

### ELD SUMMER SCHOOL PROGRAM

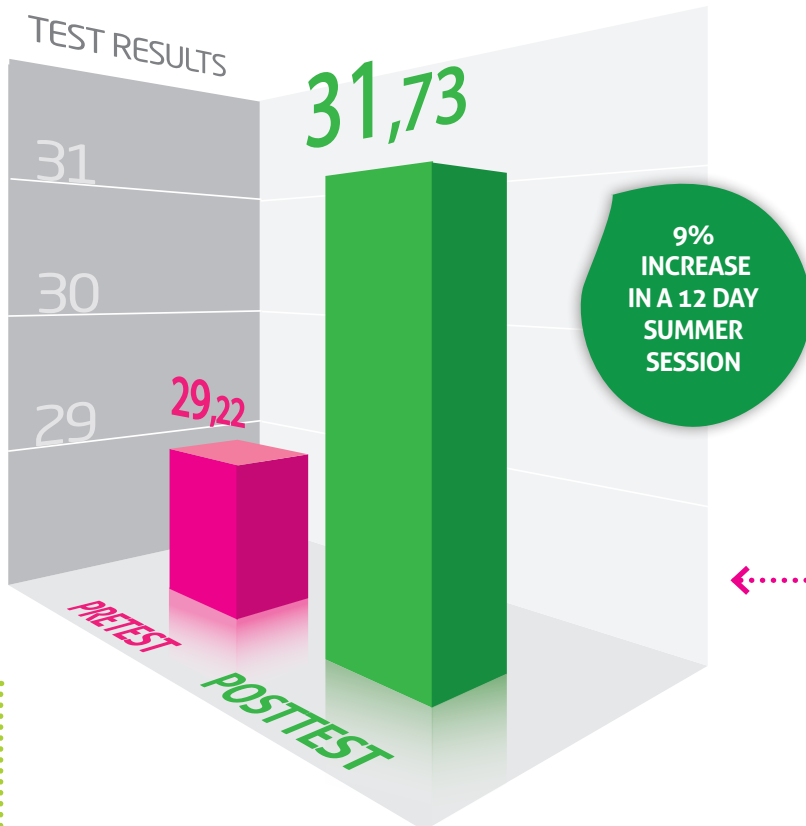

K-5 students received intensive English Language Development instruction using Santillana USA's Camp Can-Do! for twelve daily four-hour sessions.

### OVERVIEW

Torrance USD's ELD department gathered pre- and posttest data from its K-5 ELD Summer School program. The Camp Can-Do! Pre & Post Tests are an instrument of assessment for listening, speaking, reading, writing, and comprehension skills, as well as a concrete reference document for teachers, administrators, and parents. The test is based on standards for beginners, early intermediate, intermediate, early advanced, and advanced English language learners.

### DATA ANALYSIS\*

Students' average score increases on the Post Test administered at the end of the twelve day session, with the mean on the posttest increasing from 29.22 to 31.73, an increase of 2.507 points.

### CONCLUSION

The use of Camp Can-Do! had a positive impact in the Torrance USD Summer School program. Students' average score in listening, reading, speaking, and writing increased by 9% (Pre and Post Test) after the 12 day Summer School program.

### CAMP CAN-DO!

Provides a differentiated approach to all four domains of English language learning by taking students on an imaginary trip to summer camp.
